Let's Start!

It's time to go shopping!

Learning Outcome

Identify and describe taste and style in music and fashion through a wider range of language in both work and social contexts.

Ask your partner:

- Do you always shop in the same place or do you try different places?
- What attracts you to a store? The styles? The price? The quality?

Can Do Statements

- I can talk about clothing.
- I can compare two things or people and describe the quality of an object or a person.
- I can make comparisons using *as ... as* and *not as*.

Let's Explore!

Grab your coat*, Sally!

* "Grab your coat" means let's get moving, it's time to leave!

Instructions: Read the text aloud.

- Vanessa:** We have got to go out shopping. My clothes don't fit as well as they used to!
- Sally:** Well, my wardrobe needs an overhaul. My most recent purchases are months old now. We haven't gone shopping as often as we did in college.
- Vanessa:** We're busier now. I also think we're more careful with our money. It's harder to spend a lot when you put in so many hours making it.
- Sally:** I just don't feel I look as fashionable as the other woman in the office. I have to step up my game.
- Vanessa:** I'm always in my work clothes. Uniforms are great.
- Sally:** I need a couple of two piece suits or some more interesting tops and more expensive pants. I feel like I have to reinvent my look. I don't want to look as old and stuffy as the other woman. Their clothes are no fun!
- Vanessa:** Maybe we can find a balance for you – clothing that's a little more business-like but trendier.
- Sally:** That would be perfect. I need sweaters, skirts, blouses, dresses and of course shoes!
- Vanessa:** Ok. The best places are on Rose or Trinity. They have the coolest little shops!
- Sally:** They're the priciest too!
- Vanessa:** You want to be the smartest looking writer, right!
- Sally:** I guess I can't afford to dress as cheaply as I used to.
- Vanessa:** Grab your coat, Sally. We're going shopping!
